

IISER Pune - Course Content

Semester	AUG 2024
Open to Semester	5
Course Code	DS3313
Course title	Semester Project
Nature of Course	SP - Semester Project
Credit	3
Coordinator and participating faculty (if any)	Dr. Leelavati Narlikar
Pre-requisites	Supervisor has to be an IISER faculty member. If he/she is not from the Department of Data Science, approval from both, the prospective supervisor and the coordinator of this course is required in order to register.
Objectives	The larger objective of this course is to encourage students to participate in ongoing research in DS at IISER. This may be in the form of a reading / literature review / theoretical / computational project. The student has to identify, talk to and mutually agree on a project with a faculty member and the course coordinator before registering for this course.
Course content	The project is evaluated through mid-semester and end semester reports, and presentations evaluated by a departmental committee at the end of the semester. Exact details about scope, duration, structure, expectations, and evaluation criteria for this course are decided by the project supervisor.
Evaluation / Assessment	
Suggested readings	As per suggestion of the project supervisor.
